Democratic participation and Ecology: Project to develop European consciousness and democratic behaviour in a sustainable environment

Erasmus+

About the application

- purpose: reducing food waste
- budget friendly
- on the go option
- beneficial for stores

Our experience

- app wasn't up to date
 - sold us things that were out of stock
- disappointing

Why didn't it work?

- too late
- wrong area
- application wasn't refreshed

How it should have gone

- cheap food
- easy and fast
- happy storeowner – happy customer

Closing thoughts

- idea is very good
- simply unfortunate
- space for improvement

Thank you for your attention :)
